THE SIGNATURE RAIN CHAIN

CAREFUL: EDGES OF CHAIN ARE SHARP!

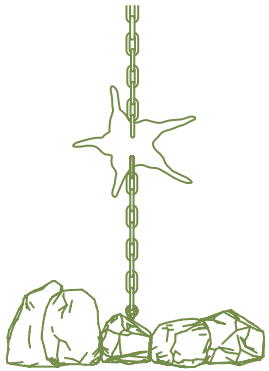

ALL CHAINS ARE DESIGNED AND ASSEMBLED IN TUCSON, ARIZONA

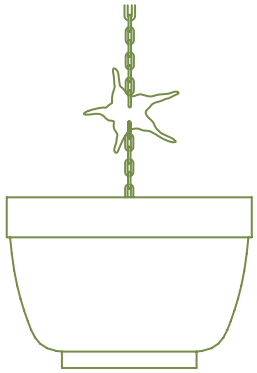

RANGE
GARDEN GOODS

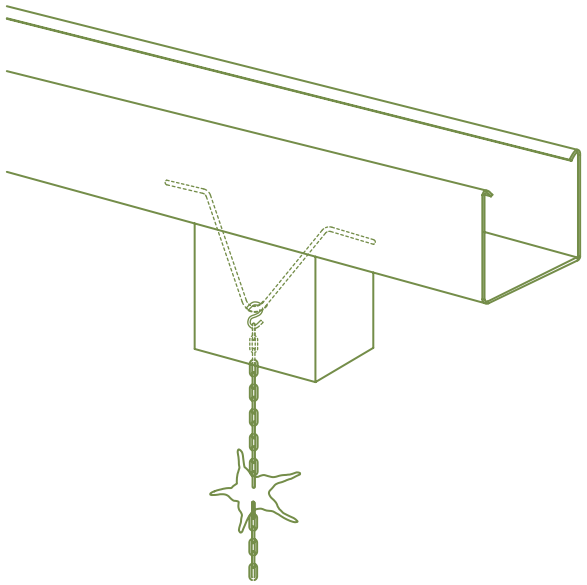

Rain chain features a stone weight to keep chain from swinging in the wind

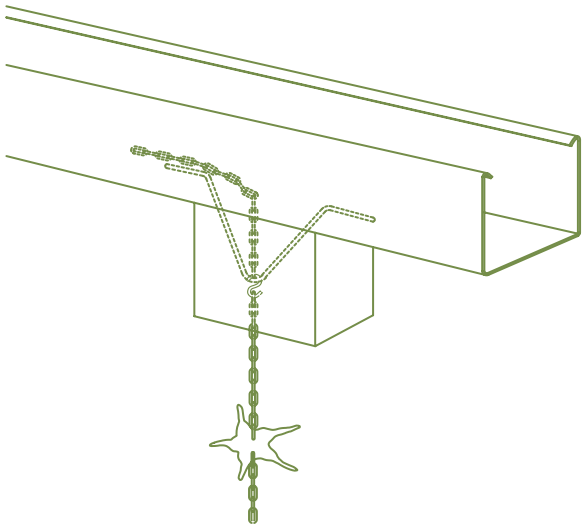

The stone can rest on the ground surrounded by other stones or landscaping

Or rest the stone inside a vessel to collect water

Chain can be installed in a hole or drop outlet of a gutter with provided “S” and “V” hooks which run parallel to the gutter

Excess chain can be laid inside the gutter
